Procedure _____ Installed or N/A

Configure the following devices as applicable using the appropriate Empower installation guide.

1. Install the appropriate acquisition device.
For a Workstation, Client, or LAC/E³²,
install BusLAC/E card and/or a second network card. _____
2. Install the computer peripherals as described in the
installation documentation supplied with the peripheral
devices, or verify that the peripheral devices were
previously installed. _____
3. Connect and configure IEEE-488 devices. _____
4. Connect and configure RS-232 serial devices. _____
5. Connect and configure 8-port serial card. _____
6. Connect and configure the acquisition devices to
the computer. _____
