

PART 4

EVALUATION CRITERIA

EVALUATION CRITERIA

S/N	Tender Evaluation Criteria and Technical Specifications
A	Critical Criteria Non-compliance with any of the following critical criteria shall preclude the Tender Proposal from further evaluation by the Institute:
1	Debarment Status The Tenderer shall not be suspended or debarred by the Standing Committee On Debarment, c/o Ministry of Finance, from participating in public sector projects.
B	Other Criteria (Ranked in the decreasing order of importance):
1	Full Compliance The Tender Proposal shall comply fully with the Instructions to Tenderers, the Form of Tender and the Conditions of Contract and the Requirement Specifications.
2	Conformance of the Tender Proposal with the Specifications.
3	Completeness of tender proposal and documents required for tender submission.
4	Cost effectiveness of the Tender Proposal submitted including the application of life cycle costing techniques, etc. as may be deemed appropriate by the Institute.
5	Tenderer's ability and expertise to undertake the project. It must have the ability to demonstrate experience, financial and technical capability in handling projects of similar scope. Please submit the necessary supporting documents.
6	Availability of service support and authorised representative dealers in Singapore, where applicable.
7	Availability of (but not limited to) proposed samples/services for physical evaluation when required.
8	Any value added services offered as part of tender proposal, at no extra cost.
9	Overall proposed approach that is aligned to the expected key deliverables and its suitability.
10	Environmental friendliness, where appropriate.
11	Tenderer's financial solvency.
12	Tenderers are required to submit supporting documents, if any, on matters pertaining to bankruptcy, the making of false declarations, corrupt practices, criminal acts, etc.
13	The Tenderer should have projects that are of similar scale and nature and register with the required Government Registration Authority (GRA). For construction/renovation/repair works, the Tenderer should have the certification on the similar or related registration heads with Building and Construction Authority (BCA). Scientific Equipment: EPU/LAB/30 or EPU/LTE/10
