

COMPULSORY INFORMATION TO BE SUBMITTED BY VENDORS

THE INFORMATION ASKED FOR IN THIS SECTION SHALL BE SUBMITTED COMPULSORILY. FAILURE TO SUBMIT ALL INFORMATION ASKED FOR MAY RESULT IN REJECTION OF THE PROPOSAL.

Table of Contents

1. Primary Equipment Data
2. Power Consumption
3. Heat Dissipation
4. Schedule for Delivery, Installation and Commissioning
5. Reference List of Installations
6. Letter of Appointment as Agent
7. Local Service Support
8. Specialized Test Instruments
9. Protection Devices
10. Documentary Evidence in support of Upgradeability of Equipment

1.0 Primary Equipment Data

1.1 For **each and every sub-system** offered, [Vendors](#) shall provide the information listed below:

Manufacturer	:	
Brand	:	
Model	:	
Year of Model	:	
Year of Manufacture	:	
Country Of Manufacture	:	
Guarantee	:	

2.0 Power Consumption

2.1 The individual power consumption of each and every sub-system offered shall be indicated on a separate sheet of paper using the format attached.

2.2 If special power requirements exist, they shall be highlighted.

POWER CONSUMPTION

Equipment	Model	Voltage (V)	Phase (f)	Standby Operation			Normal Operation		
				Current (A)	kVA	kW	Current (A)	kVA	kW

3.0 Heat Dissipation/Environmental Characteristics

- 3.1 The individual heat dissipation of each and every system offered shall be indicated on a separate sheet of paper using the following format:

		Standby Operation	Normal Operation
Equipment	Model	Maximum Heat Dissipation (kW)	Maximum Heat Dissipation (kW)

- 3.2 In cases where there are strict limits on the operating environment that the equipment can tolerate, **Vendors** shall state values for such restrictions in the format below:

Parameter	Unit	Value
Maximum ambient temperature	EC	
Minimum ambient temperature	EC	
Maximum relative humidity	%	
Minimum relative humidity	%	
Other parameters (free description)		

4.0 Schedule for Delivery, Installation and Commissioning/Acceptance Testing

- 4.1 For **each and every item offered**, the **Vendors** shall state the delivery, installation and

commissioning periods, calculated from the date of award of the contract so:

- (a) Delivery Period calculated from date of contract : _____ days
- (b) Installation Period calculated from date of contract : _____ days
- (c) Commissioning Period calculated from date of contract: _____ days

4.2 The **duration** of each of these activities shall also be indicated as below:

- (a) Delivery Duration : _____ days
- (b) Installation Duration : _____ days
- (c) Commissioning Duration : _____ days

4.3 **Vendors** shall also submit a **detailed** schedule of delivery/installation/testing/calibration/commissioning/acceptance testing using the format shown below:

Date/Period	Activity

5.0 **Reference List of Installations**

5.1 [Vendors](#) shall submit a Reference List of major installations of the **precise models** of equipment offered, in the following format:

Model	Year of Installation	Qty	Reference Installation	Contact Person	Designation	Telephone #	Fax #

6.0 Letter of Appointment as Agent

6.1 **Vendors** shall submit the letter of appointment from the manufacturer as sole agent in Singapore of the product offered.

7.0 Local Service Support

7.1 **Vendors** shall state the address and contact telephone number of their Service Department/Workshop in Singapore:

Address : _____

Telephone Number : _____

7.2 **Vendors** shall state the number of technical service personnel, **resident in Singapore and factory-trained to maintain the equipment offered**, by completing the table below:

Name of Trained Technical Personnel	Qualifications	No. of years with Vendors	Years of Experience (years)	Factory Trained for the Specific Equipment Offered? (Y/N)
1.				
2.				
3.				
4.				
5.				
6.				

8.0 Specialized Test Instruments

8.1 **Vendors** shall list below the specialized test instruments, phantoms etc., recommended by the manufacturers as being necessary for the proper maintenance and calibration of the offered equipment.

Recommended Test Instruments			Actual Test Instruments in Vendor's Possession				
Description of specialized test instrument etc.	Suitable Brand	Suitable Model	Brand	Model	Serial #	Date last calibrated	Calibrating Lab.

9.0 Protection Devices

- 9.1 [Vendors](#) shall list below the manufacturer recommended devices to protect users during operation of the offered equipment.

Description of Protection Device	Suitable Brand and Model	Specific Protection Afforded by Device

10.0 Evidence in Support of Upgradeability of Equipment

- 10.1 [Vendors](#) shall submit documentary evidence in support of upgradeability of the equipment they offer.
