Hi Kash,

We're looking for model PV212-25-OHA.

Would you please kindly send me a quotation as a kit (P/N: PV212-25-OHA)? So that I can use it to raise PO.

Can you tell the fitting in used from P/N: PV212-25-OHA?

Do you provide the calibration service for this model too? What's the cost and turnaround time for calibration?

Thank you
