Hi HuaZhen,

Yes, this is 100% correct.

I had a question about any internal exchange rates between Singapore \$ and US \$. Alan confirmed US \$ is fine for the request.

Cheers... David

Subject: RE: Quotation for cabling (Cat6a) from server rack to new testers PCs and new Cat6a patch panel

Hi David,

Yes, this is what we're working towards. Right now, I'm trying to get a confirmation from Flex, so that can proceed with capex to avoid any dispute between Flex and Waters.

If it's not necessary to have this confirmation, I will work with our finance to settle this capex.

The capex will be based on your quotation but excluding the Meraki MS250-48FP Enterprise License and Support @ \$976.91.

Is my understanding above correct? Thank you for guidance.

Hi HauZhen,

I thought we were only on the hook for the Cisco switch and that Joel needed to fund the cabling etc through Flex?

Cheers... David

Hi Joel,

Any update for this cabling? I need a confirmation to proceed with our capax for this upgrade. Please get back to me ASAP.

Thank you

Hi Joel,

Correction, the patch panel would be part of cabling. It shouldn't be separately provided.
So Waters will provide the new 48 port switch only.

Thanks

Subject: RE: Quotation for cabling (Cat6a) from server rack to new testers PCs and new Cat6a patch panel

Hi Joel,

I was informed the cable (Cat6a) would be under Flex infrastructure cost for Waters production. Flex would be responsible to get ready of cables for this upgrade by Jan 2021. Waters will provide new switch and it's patch panel inside the server rack for upgrade.

Please kindly update us ASAP once your cables are ready for this installation. Thanks

Hi Hua Zhen,

As confirmed from our con-call today, you need only 24 drop points (Cat6) on top of existing 24 drop point 24 as well as patch panel with installation. I will check with our vendor for quotation.

Best Regards,

Hi Joel,

Please kindly get a quotation for cabling (Cat6a) from server rack to new testers PCs and new Cat6a patch panel.

We're going to replace this old switch with new 1000Mbps CISCO 48 port switch to support new product transfer (Arc FTN) by Jan 2021. So please get this quotation ASAP and send it to us for review.

Thank you

Hi David,

Does the existing Cat5 or 5e cable work with new Cisco switches if we replace the old switches?

Hi Hua Zhen,

As discussed, pls ask Flex to get a quotation for items below.

1. Total number of data points needed from your side.
2. Cabling (Cat6a) from server rack to new tester PCs.
3. New Cat6a patch panel.

CP
