Hi HuaZhen,

EQM has 3 machines and all are calibrated. The next due date will be next year March2021.

So from now till Dec 2020, there won't be any machines due.

Hi May May/Meryl,

Is there any unclear part for you to update this table?

Please kindly check your last year claim and excluding the items which is handling/going to be handling by Micro Precision, that will be calibration cost from other vendors.

May May, please help to review/update for CEI Singapore? And Meryl, please help to check and update for CEI Batam?

If no calibration from vendors, please kindly confirm by replying this email too.
Thank you

Hi May May/Meryl,

Please help to fill up the yellow cells in the attached file for Apr-Dec 2020 with the calibration cost from other vendors(excluding the items calibrated by Micro Precision). You may refer back the previous year calibration claim as reference.

So that we can have better budgeting and improve claim process.

Please kindly fill the data where is applicable in the yellow cells and send it back to me before next Tuesday.
Thank you
