Subject: NC #2 for Waters' instrument/tools

Hi Jen,

Below is the list of Waters' instrument/tools which are under the ISO audit scope.

Highlighted in greens are instruments/tools that are required to be calibrated and have been checked by the team and it has the hardcopy calibration report stored in the office.

The remaining ones which are not highlighted are items that require PM only. Hence there are no calibration report for these items.

The information in the table was checked with the calibration report.
