Hi Amy,

Thanks for extracting all calibration records since Mar when the contract start with MPC

On calibration notes, may I suggestion to avoid future confusion.
Could your side rename calibration perform **at** "XXXXX" to calibration perform **for** "XXXX"
XXXXX - CM that the work apply

Calibration Notes:

Please refer to the attached calibration data. (2 pages)
Unit was calibrated with 6050A DC Load Mainframe S/N:3312A02661.
Calibration performed at GES SINGAPORE PTE LTD.

Thanks and Best Regards
Edwin
