

## **3 Testing Stations and Equipments**

[BACK](#)

Below is a list of testing stations and equipments available in Alliance Production:

| Location                       | Serial Number | Description                                                   | Quantity |
|--------------------------------|---------------|---------------------------------------------------------------|----------|
| Alliance Front Panel           | TE 82546      | <a href="#">2690 Keypad LCD Tester</a>                        | 1 Set    |
| Alliance Pump                  | TE 82526      | <a href="#">2690 Pump Tray Tester</a>                         | 3 Sets   |
|                                | TE 82519      | <a href="#">Pump Mechanics Tester (Pump Spare)</a>            | 1 Set    |
| Alliance HPMV                  | TE 82625 – 2  | <a href="#">HPMV Tester</a>                                   | 1        |
| Alliance Injector              | TE 820503     | <a href="#">Injector / Seal Pak Tester</a>                    | 2        |
|                                | TE 82605      | <a href="#">Injector Tester</a>                               | 1        |
| Alliance Carousel              | TE 82520      | <a href="#">2690 Carousel Carrier Drive Alignment Station</a> | 1 Set    |
| Alliance Heater / Cooler Panel | TE 82620      | <a href="#">Heater Chiller Tester</a>                         | 1 Set    |
| Alliance Degasser              | TE 82523 – 3  | <a href="#">Fluidics Tray Tester (Vacuum Degasser)</a>        | 1        |
| Alliance Syringe               | TE 82656      | <a href="#">2690 / 2790 Syringe Drive Tester</a>              | 1        |
|                                | 95037         | <a href="#">Hi Pot Tester</a>                                 | 1        |
|                                | TE 82573      | <a href="#">Rear Panel Test Station</a>                       | 1 Set    |
| Alliance Final Testers         |               | <a href="#">Alliance Final Testers</a>                        | 4 Sets   |
