Hi Edwin,

I have already ordered 2 refurbished CM-A and placed request to get 2 more so we should be good with those. I believe you indicated that you could procure the 2489s.

I will put together a schedule\timeline soon and share with you.

Thanks,
Mark

Hi Edwin,

I'm looking at ordering up material for these test stations. You mentioned that you may have 2489 TUVs available, I'm thinking that you may also be able to get the CM-A 186015043 instruments as well since they are manufactured over there.

My plan is to build the rest of the systems here, put together a kit, then ship to you guys to put the stack together.

Let me know.

Thank you and Regards,

Mark

Subject: WPPL19022 - 4 x Alliance test bay

Hi Mark and Mike,

I wonder if both received this CEA and could advise if we making the delivery to Singapore?
Due to the CoVid 19 situation, I planned for Q3 for this Alliance upgrade. Is that ok?

Thanks and Best regards,

Edwin Koh
