Hi Edwin,

Glad to hear from you. Attached is the updated quote(just updated the date only).

Will you be sending us the new files package? Or we can proceed with the previously received files package during the RFQ process?

And when can we collect the sample boards(2pcs – one for strain gage test and one for debug) from you?

Regards,

KS Chan

Hi KS,

Good afternoon. I finally got the go ahead for this project. Can I confirm the pricing is still maintain as I might need you to refresh the quote. Once confirm, I can issue a PO.

Thanks
Edwin

Hi Edwin,

Hope you are doing well.

I would like to follow up on the quoted ict project for 21000331.

Regards,

KS Chan

Hi KS,

Hope you are doing well. Please find attached for a new ICT that we need.

Beside below requirements, we need to add a flow control there will be 2 versions of the board i.e. 210000331 and 21000033120 with one resistor difference.

Please acknowledge and advise when you could come back on the quote.

Thanks
Edwin

Hi Edwin,

I am attaching the files for the new 210000331 board. You can send this to Petrocarbon for an ICT fixture quote.

Remind Petrocarbon things we want added to the fixture for the quote.

Switch probes on all connectors

Opens express on surface mounted connectors

Over clamp style fixture

Kelvin test where applicable

Program part U67

Sound test for DS8

Let me know if the attached file has been removed.

Thanks
Paul
