Hi Alan,

This model of monitor is not available in Singapore. I have checked with local distributors, also ViewSonic Singapore online store, we cannot buy it locally.

That's why we have to order it from USA market and this e-store is able to ship it Singapore with low cost.

Hi Alan,

This website is an e-commerce store like Amazon or Taobao. I explored this website's checkout/payment, no options for quotation. It only offers pay by credit card or paypal.

We need to get this monitors from USA earlier as possible, it appears to be easiest and fastest way to buy it with lowest price by then.

The screenshot shows the ViewSonic website checkout process. On the left, a product card for 'ViewSonic TD1711 17" 5:4 Touchscreen LCD Monitor' is displayed with a price of \$299.99. Below the product card, there are options for 'Accessory' and 'Protection Plan'. The 'Protection Plan' section shows two options: '2-Year Protection Plan: \$18.00' and '3-Year Protection Plan: \$33.00'. The 'Item Total' is \$2,399.92. On the right, the 'ESTIMATE SHIPPING & TAX' section shows the shipping method as 'NHC SuperStore Pickup' and the location as 'SINGAPORE'. The 'DUTIES & TAXES' section shows two options: 'I'll Handle Myself' and 'Fast & Easy Pay-For'. The 'Subtotal' is \$2,399.92, 'Shipping' is \$269.51, 'Duties & Taxes' is \$186.86, and the 'Total' is \$2,856.29. A 'Begin Checkout' button is visible at the bottom right.

Hi Rick,

Thanks for pointing out this different.

I double checked this TD1711 in ViewSonic Singapore. However it's not in SG ViewSonic list as what distributor claimed, but I can find it in US ViewSonic US\$306.99/unit (No sure shipping cost or if can ship it to SG).

Hi Huazhen,

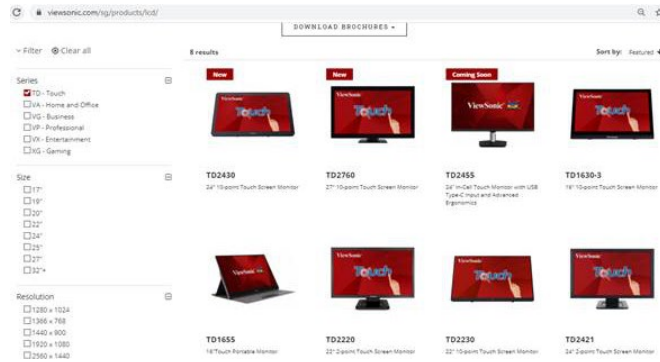

TD1711, already EOL, no more stock.
Alternative model is\ TD1630-3

And the only available purchase is from Amazona SG, it's selling US\$403(SGD544.2)/unit with max 4 units available.

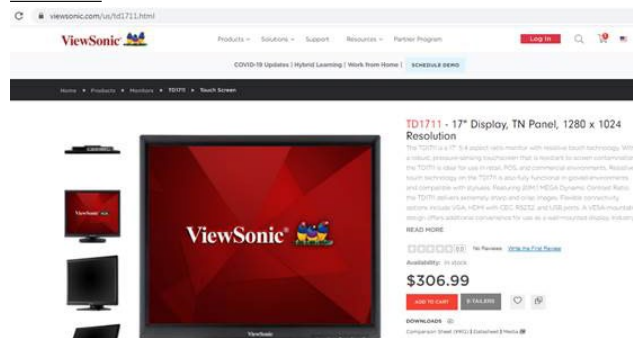

So if possible, would you please help to purchase it in Milford and ship it together with interface box? That can lower the cost and minimum the risk from different display.

Thank you

Hi, HuaZhen,

No you can't use the TD1630. It is 15.6" with 16:9 aspect ratio.

I just realized why your not finding the one we have. I mistyped the PN. It should be TD1711. It is a very popular model, sold everywhere. It is 17" with 5:4 aspect ratio.

Or would you recommend to purchase the same model in Milford?
